Inspired by the latest Traditional designs, the Sinclair collection is a smart look for any home decor. Meticulously crafted with quality in mind, our Sinclair collection will be a staple in your home for years to come. If your furniture has a stone top, it should be protected from liquids, sunlight and temperature extremes. Use a lightly moistened cloth to clean the surface, or consult your furniture retailer for a recommended marble polish. When in storage, the stone top should be stored flat without heavy objects on it. Use caution when moving to protect the stone from breakage.
