

**DINING ROOM WOODLANDS HOST
CHAIR BY: HOOKER FURNITURE**

\$1,499.00

Inspired by America's great mansions of the Gilded Age, the top-grain leather back of the shaped Woodlands Host Chair projects the allure of a country estate. The leather on the outside back contrasts with the soft Lenox Taupe upholstery on the seat, inside back and arms. A chair that moves easily from dining table to family room, the versatile Heathered Lambswool finish melds brown and gray tones. Featuring designs inspired by America's great "Mansions of the Gilded Age," Woodlands retains the charm and authenticity of that era, but is scaled for today's homes, delivering the elegant informal look that has become the American ideal. The collection of bedroom, dining room, occasional, home office and accent furniture features elegant wood textures, bold moldings and carved details, using a blend of rustic oak, oak burl and cathedral primavera veneers with poplar solids. Combined with finishes that meld brown and grey tones, these elements help Woodlands redefine traditional styling.
